World-Class
Fly-in Fishing Resort

BIG SAND LAKE ...

"Go World-Class!"

Big Sand is located 525 miles north of Winnipeg, Manitoba. The lake is 70 miles long with over 60,000 acres of pristine waters, containing the most sought-after trophy fish in North America. Big Sand Lake commonly yields 20-30 lb. plus *Northern Pike*, 40 lb. plus *Lake Trout*, 3-4 lb. average *Walleye* and *Arctic Grayling* that are found throughout the many rivers and streams flowing in and out of Big Sand Lake.

MAIN LODGE

Our facility at Big Sand is the only lodge on the lake. There are no roads leading to Big Sand, so the only way to get here is to fly. All guests arrive at Big Sand via twin turbo prop passenger aircraft, landing at our private airstrip.

Situated high atop an ancient glacial esker, the main lodge was built with the guests' needs foremost in mind. The lodge features hundreds of square feet of glass, providing a sweeping view of nature's northern waters and thick patterns of birch and pine.

Located on the upper level of the lodge, we developed a separate conference room for private meetings. Our executive conference room is fully furnished with audio/visual equipment, board tables, and chairs. Everything is provided to conduct a productive sales meeting in an environment that lends itself to the outside beauty awaiting you just a few feet away. Call for details on how we can turn your business meeting into a business adventure.

DELUXE PRIVATE CABINS

The rooms are fully carpeted, with two queen-size beds and modern bathrooms, a Franklin fireplace and, for your further comfort, electric heat. With careful consideration given while designing the layout of each cabin, we have added an impressive deck that allows you a panoramic view of the lake. We feel that a cabin is not only constructed to house you but, more importantly, to inspire you!

TESTIMONIALS

All I can say is WOW! What a great trip. Rick, I can't get over the numbers and size of fish that we caught. The Main Lodge is spectacular and such a pleasure to find so far up in northern Manitoba. I carry my pictures with me on all my business trips and recommend Big Sand Lake Lodge to all who are interested in my fishing experience. My pictures of our Master Angler Trout and Northern Pike and Walleye are as well travelled now as I am. The trip went well beyond our expectations.

– T. Derksen

Our group really enjoyed our time at the wilderness outpost. It allowed us to be on our own and to do some unbelievable fishing and serious male bonding over the campfire and a few beverages and stories in the evenings. The fishing was some of the best we had experienced, and we have been on many fishing trips over the years. Northern Pike, Walleye, Lake Trout, and Arctic Grayling. How great is that to have the opportunity to fish for all on the same trip? Big Sand will definitely be a place we will be returning to again.

– J. Carrier

It is not a trip to Big Sand Lake Lodge, it is an adventure. The opportunity to be out on the lake with no one around except mother nature, catching those tremendous fish that are 20–30 years old and knowing they will be around for many more after I've been here. The guides and staff are terrific; they are friendly and willing to tell you the stories of living in the north and the history of the area. I had an opportunity to go out one evening and see the wolves and pups that live at the end of the runway. What an experience. Keep up the good work, and we will see you again.

FLY FISHING AT BIG SAND

"One small step for mankind ... One giant leap for fly fishing!"

A trip to Big Sand is the ultimate experience for big fish on the fly rod! Imagine not only hooking up but landing trophy **Northern Pike, Lake Trout, Walleye, and Arctic Grayling** all on the fly rod. Four species, one lake! This dream is a reality at Big Sand, where our experienced guides not only get you to where the fish are but, equally important, they have the wherewithal to position the boat in such a way that is conducive to the needs of individual fly fisherman, (ie; wind, distance, and ability). *Finesse?* Not on this body of water. You'll see your fly devoured and your line stretched, your knuckles battered and feel your adrenaline rush as fast as our rivers flow! Big Sand Lake has the best to offer in fishing diversity and big fish results. As a fly fisherman, you have the option of wading in a variety of conditions ranging from sand

bars to gravel bars, shallow bays to wildly exciting rivers. Or, you may choose to fly cast from one of our custom-designed 18' boats. These boats have an elevated casting platform up front from where you can cover water in all directions, not to mention having your stripped fly line under control and out of "tangled" reach. Each boat is powered by the best in performance and dependability with 40-horsepower, 4-stroke Yamaha outboards. So there you have it. Big Sand not only yields the largest in trophy fishing but backs it with the best possible equipment, guides, and service. So we invite you to take your fly fishing skills and enjoyment of this unique sport to the next level and be one of the few to go where no man has gone before. Fly fish Big Sand!

COMMITMENT TO CATCH-AND-RELEASE

Since the first anglers arrived at Big Sand's 5-star-rated facility, we have been committed to catch-and-release. To us, catch-and-release doesn't mean simply putting the fish back in the water. First off, it starts with our guides, who understand that their livelihood depends on the health of the fishery. Maintaining that world-class fishery is about applied consistency. Every season we learn more and more about these legendary trophy fish. Techniques that were once deemed proper are now detrimental to the fish's survival. The fact is that in this upper latitude of North America, fish grow slow. For example a Northern Pike caught at Big Sand measuring 41 inches is estimated to be 27 years old.

Making the 49-inch Northern caught this season a 33-year-old fish! Furthermore, our trophy Lake Trout are in the same boat. No single person can do more to make your

trip a success than your guide. The training and results at Big Sand are apparent. With that said, we would like to commend our guides for a job well done, as they continue furthering the standards within the Canadian lodge industry by exceeding our clients' expectations and their continual pursuit in maintaining Big Sand as Canada's ultimate trophy destination.

THE OUTPOST EXPERIENCE

~ Chipewyan ~ Wolf ~ Jordan ~ LeClair ~

For groups of 6-10 people who enjoy the comforts of a main lodge but want to do things on their own, Big Sand offers four outposts from which to choose. This experience allows you to choose when you want to fish, where you want to fish, what kind of fish, and for how long you wish to fish. Even your meal times fall under your own discretion. Basically, you own the lodge, the entire lake, and its rivers are yours and yours alone! Our only concern is you may not want to leave, but rest assured you can always come back. All four of our outposts specialize in trophy Northern Pike and super Walleye fishing. Some offer diversity with Lake Trout, Arctic Grayling, and even Rainbow Trout! Our outpost lodges are all located between 25 to 50 miles away from the main lodge.

Our four outpost camps, Chipewyan, LeClair, Jordan, and Wolf, are true wilderness outposts. We drop your group off at your camp with food and supplies, and you are totally on your own lake; self-guiding on your own, running of boats, as well as doing all of your own cooking. The

Each camp has maps of the lakes as well as modern radios. You are asked to check in daily with the main lodge to be sure everything is going well. You purchase your food and beverage package from us, and all you need to bring is your fishing equipment and personal gear. We give you the option of having a camp manager and cook for your stay at an additional cost.

Each camp is electrically powered by a gas generator. The dining cabin is fully equipped with a fridge, full range, and a freezer for storage; as well as a barbeque outside. The kitchen is stocked weekly with all your grocery needs, fresh fruits, vegetables, and meats. The sleeping cabins are fully equipped with sleeping bags, towels, and bedding. Another cabin is designated as the central shower facility. Hot water when you need it, there's no roughing it here. The camps are equipped with 16-foot aluminum boats and 15-horsepower, 4-stroke motors. These boats are outfitted with extra large landing nets, life jackets, and swivel seats. A spare motor is also stored at each mini-lodge.

THE BIG SAND MOOSE HUNT

Hey, once you're done Moose hunting, it's not over. You also have the opportunity at catching huge, trophy Lake Trout once you are back at the Main Lodge. Here's the

greatest part, it's FREE! Yes, once you're finished with your hunt, your guide will take you out to catch some of the biggest Lake Trout of the season.

SPRING BEAR HUNTS

We offer combination spring Black Bear hunt / fishing trips from our outpost camps on various lakes in the area. We have baited ladder stands with opportunity for world-class Black Bear. There is no resident hunting pressure, and many color phase bears are taken every year. Call our office for your chance to hunt the bruins in their native habitat.
